Supplemental Question Banks for Securities Exam Training

Complete candidates' securities exam training with ExamCheck's adaptive, exam-specific question banks.

ExamCheck Overview

ExamCheck provides the supplemental training your candidates require, assuring they are ready for their licensing exam. Comprised of three exam-specific, adaptive and gated question banks, ExamCheck is the additional study tool your candidates need to complete their training. Two of ExamCheck's practice exams are designed for limitless practice, while the third exam allows for only two attempts and provides the final gauge of readiness. Increase your program's pass rates and overall effectiveness by supplementing your current training schedule with our new ExamCheck.

Key Benefits of ExamCheck

End Memorization

Practice questions are a fundamental study tool used for securities exam preparation, at times, causing a false sense of readiness due to question memorization. Eliminate this issue with ExamCheck's three separate practice exams, each with its own large unique question bank.

Gauge True Readiness

Designed to assess genuine exam readiness, adding ExamCheck to your training program will end the false sense of security occurring from candidates memorizing question banks.

Fresh Questions

Supplement candidates' securities training by providing them with ExamCheck's three additional exam question banks. Two for limitless practice and a third mock-exam to gauge final readiness.

Increase Throughput

Increase your program's throughput by adding ExamCheck to your securities training process, raising your candidates' first time pass rates.

The screenshot shows the ExamFX user interface. At the top, there's a navigation bar with 'Main Menu', 'My ExamFX', 'Switch Course', and 'Log Out'. Below that, a 'Series 7' dropdown menu is visible. The main content area lists four options: 'Simulate Your Exam', 'Readiness Exam', 'Checkpoint Exam', and 'Progress Report'. A text box highlights '24/7 access to three exam-specific adaptive question banks; two for limitless practice and a final to gauge exam readiness.' Below this, a sample exam question is shown: 'Question 1 of 130: What part of the Internal Revenue Code allows an owner of a life insurance policy or annuity to exchange or replace their current contract with another contract without creating adverse tax consequences?' with four multiple-choice options (A, B, C, D) and a 'Previous/Next' navigation bar.
