

LEARNING SOLUTIONS

Live In-Person Training

Traditional Learning for a Guaranteed Path to Success

For our more traditional learners, Live In-Person training is designed for hands-on learners seeking the intimacy of a live setting.

Traditional Learning Experience

We have expanded our delivery formats and there is now an option to hear about the latest exam feedback, content reviews and test taking tips, first hand from industry experts. We now offer traditional learners the option to attend In-Person Training in Arizona, Colorado, and Illinois. Live In-Person study packages include a printed course specific study guide, a live lecture presented by a content expert, as well as full-access to our Interactive Learning Portal and our OnDemand Video Lecture series. These live lectures should be attended just prior to sitting for the actual exam, allowing the instructor the ability to focus on the most testable and difficult concepts in class. Combining live and online study tools, is a surefire way for your recruits to pass the exam on the first attempt!

Key Benefits of Live In-Person Training

Sessions allow users the ability to interact with a content expert and community of their peers.

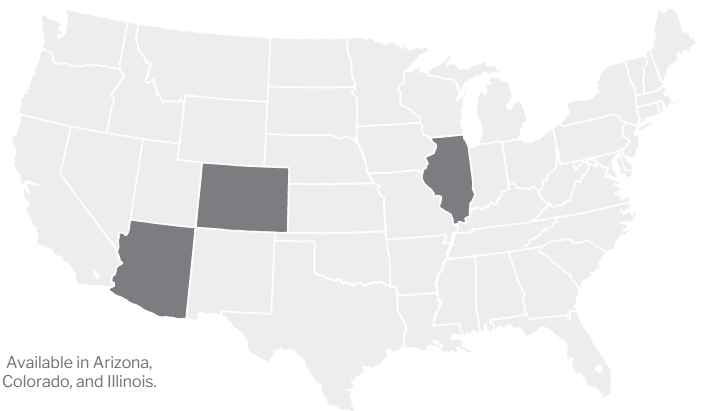

For convenience, all virtual sessions and materials are accessed through our online learning platform.

We've found an increase in overall candidate's first time pass ratios when combined with Live training.

A learning solution that allows for increased levels of accountability.

Available in Arizona, Colorado, and Illinois.

Life and Health	Property and Casualty
Series 6	Series 63
Series 65	Series 66
